THE COLD TRANS SPECIALIST

OUR COMPANY

REEFER AND LOGISTICS EXPERT

Established in year 2000, Gerimis Baiduri is today the premier haulier in Malaysia, commanding a fleet of more than 250 refrigerated trucks with up to 300 personnel. Gerimis Baiduri is helmed by a team of management and operational personnel whose accumulated experience in the transportation industry easily extends over two decades.

OUR MISSION STATEMENT

• PEOPLE • PASSION • PROGRESS

• PEOPLE

Gerimis Baiduri believes in highly disciplined and competent people.

• PASSION

Passion is the fuel that powers Gerimis Baiduri's operations and the very force that pushes the Company to continuously raise the bar on the standard of refrigerated trucking and logistics.

Gerimis Baiduri aims to be your dedicated primary logistics partner for all transportation needs in the frozen and chilled industry. The Company's principles revolve around its "3P" concept.

• PROGRESS

Progress marks the journey Gerimis Baiduri goes on with its clients in an environment that encourages mutual growth as the Company sees to and finds the most fitting solutions to their needs.

Chilled And Frozen Logistics Specialist

OUR SERVICES

SPECIALISING IN SERVICE EXCELLENCE

DRIVING EXCELLENCE

Professional, courteous and highly trained in road maneuvers and operations, Gerimis Baiduri's team of drivers operate with utmost integrity and pleasant disposition. Diligence, strength and an unflinching commitment to deadlines are the codes of honour for these road marshals. They are each equipped with a cell phone and GPS system to ensure better communication and coordination at all times.

GPS Capability

All our trucks are installed with GPS tracking devices. We are able to track and monitor the movement and progress of all our trucks at the push of a button.

Reliable Refrigeration Cooling System

Our trucks are installed with imported reputable cooling equipment that provides specific and constant temperature reading through the transportation period of the cargo shipment.

Temperature Commitment

The cooling equipments are well maintained with regular servicing and maintenance. At every interval, the calibration of the cooling system is conducted by a registered reputable company and a Certificate of Calibration is issued on every individual truck.

Hygiene Standards

We maintain high hygiene standards on all our trucks. Each truck is treated every quarterly by a Pest Control expert.

In-house Workshop

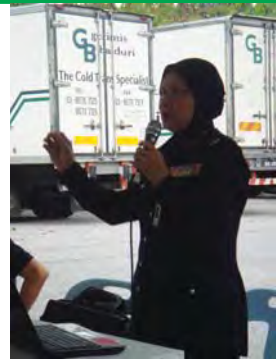

Having an in-house workshop is an advantage to us as we are able to minimize our truck downtime.

OUR SAFETY PLEDGE

EMPHASIZES ON SAFETY DRIVING

CERAMAH POLIS

Gerimis Baiduri periodically organizes “Ceramah Polis” with speakers invited from Jabatan Siatan Jenayah Komersil. The speech and dialog session is aimed to create awareness to the drivers of their responsibilities and accountability as a driver. They are advised on the seriousness of committing theft of company property and/or shipment of goods in their custody, the Malaysian Law implication, chargeable Sections of Law and Judgment by Courts on related cases. The police speaker will also advise, remind and give precautionary steps to drivers to always be careful and how to avoid being targetted by theft and hijacking syndicates.

DRIVERS TRAINING COURSE

The training courses emphasizes on Safe Driving so that the drivers have the necessary driving ability, safety knowledge and skills to drive their trucks with the utmost safety while being courteous and considerate towards other road users.

DRIVER'S CONDUCT

All our drivers are strictly required to wear a company t-shirt, safety shoes and a safety vest when they are on duty.
